September 2021

Due to the Covid 19 situation, we have had to make some alterations to how we would normally run Puja this year. The Executive Committee have agreed the following measures which are designed to keep everyone safe:

1. Numbers inside the venue will be limited to 234 on a first come basis. This is based on calculations around safe capacity for the size of our hall. Once capacity is reached, we will operate a queuing system to allow people to enter as others leave.
2. We recommend the wearing of masks inside the venue and encourage social distancing.
3. We politely request that everyone is respectful to others and consider limiting their time in the venue when we are at capacity to allow others to enter.
4. We encourage only those who are double vaccinated and or a negative lateral flow test to attend in person.
5. Hand sanitiser will be available at the door, and we encourage everyone to sanitise their hands on arrival.
6. To ensure appropriate hygiene measures, the access to the kitchen will be restricted to authorised personnel.

PLEASE NOTE: On those days where attendance exceeds our maximum capacity, we may need to serve prepacked refreshments to control the flow of people and give everyone the opportunity to participate.

Thank you for your understanding of these safety measures.
